Following the recent meeting regarding the setting up of a Communities Land Trust, Cllr La Broy updated the Committee on further meetings at CC. Grant funding that was available to form a Trust. He informed the members that BSTC would not be able to set up a Trust but it would be necessary for the Council to lend its support to a future CLT and could have a member/s as Trustee/s.

PL/379/18

Correspondence Received – for information:

a) Decision notices were discussed and noted.

b) To note and discuss if appropriate correspondence received since the last meeting and agree any associated actions.

Correspondence had been received from CC regarding the adoption of roads at Shorelands, Binhamy Farm Development. The correspondence below was discussed.

"I have been passed a copy of your email as I have been dealing with this development for some considerable time.

Unfortunately I cannot say when the roads on this site will be adopted as there are currently no agreements in place for any of the on-site works.

Our last correspondence with Bovis Homes was at the beginning of June 2018 when they advised that they wanted to change their proposals again but, to date, we do not appear to have received anything from them so we cannot say if their proposed changes are even acceptable.

Notwithstanding the lack of agreements, we know that a significant amount of works are required to bring the roads up to an adoptable standard and then there would be a minimum 12 months maintenance period before we would consider adopting anything on this development.

Please feel free to give me a call if you need further information or want to discuss this further."
